Country of birth: TAIWAN

#### All about me:

My English and nickname is Edward Lu. I am from TAIWAN and I am not an exchange student, I will study in Canada for 4 years. I am so lively but I have a little bit shy. I love basketball, this is my favorite thing and hobby. I'm very like to make friends, because I found that was interesting. And I like to sing and play a game. I played game very well, if you have any game question, you can ask me. I like to listen AMERICAN music. I like all sports but I don't really like dodge ball, because I thought Canadian's dodge ball is very messy. I guess when I came to Canada, that thing is amazing. Because I have a great mom, she gives me everything, I love my mom. And I hate smoking people, I can't accept any of my friends smoking. I like Kamloops but it is so quiet, because TAIWAN is too messy and noisy. So I hope my English will progress, and my basketball can get better.
