All about me:

Hey, I am Jae. I'm going to tell about myself like my family, my hobbies or my interests. I have one older sister. She is really pretty because she resemble with me. She lives in Busan that is in end of Korea. I also have my parent of course they are really awesome so they sent me here. When I was in Korea I really like to play soccer but I realized how basketball fun is. In addition, In Canada basketball is more popular than soccer so I changed my hobby to basketball. And also I really like to watch NBA games. They are only 3 games left so it is really competitive and passionate. I like Curry in Golden State. He puts in 3points about 400 in one season. You know? Utah put 3point 400 whole team but curry puts in alone. That is amazing record. That is no make sense. Now I am going to describe my experience living in Canada. When I was here at first, I was surprised at say hi to adult like older than me. In Korea, we have to greed 90 degree to adult. You know what that mean? Bow down? asked to Sam if you want to know specific. When we shake hand, we should use two hands. It is really strict but not in here. I like that .It feels me free? Hahahahaha Now it's bell's gonna ring soon. I have to go. Byeeeeeeeee
