All about me:

My birthday is January 23th, 2001 which is easy for a lot of people to remember. I like to play outside. For example, I like to go snowboarding in the winter. When I was in junior high school as a student I was in the brass band club. I played the oboe. I played the oboe for 6 years.

My family is my mother, my father, my two brothers and me. My older brother is in an American football club and my little brother goes to kindergarden.

I came to Canada because I like nature and Kamloops has many beautiful views. And I want to go snowboarding in Canada.

I want to make many new friends at school and learn English.
