All about me:

I'm Mayu. I'm 17 years old. My birthday is June 4th. I want to be a TV announcer in Japan.

I have an older sister. She lives in Ireland. I came to Canada last September. I took ESL, biology, math, ELL class last semester. Now I take math, Japanese, English, ELL class. It's fun now. But I really miss my friends who were here last semester. We sometimes talk on SNS. My favorite person is Selena Gomez. When I was a child, I watched Disney Channel and I saw her in 'Wizards of Waverly Place'. If I didn't watch it, I think I'm not here now. She is very important in my life. I always say I like Mexican faces. I told my friend, He said Selena is a Mexican. That's why I like Selena's face and Mexican faces. Last weekend I moved to a new house, and changed my host family. But my new host mom is my ex-mother's second daughter. She is an adult, and has a kid. He is in grade 2. So we had known each other before.
