

Step 2: Biography

Using Google docs please create a biography of yourself. A biography tells about who you are as a person, your family background, your cultural background, your hobbies, your interests, etc. **Also, describe your experience living in Canada.** Please delete this text before your turn in your work.

<p>Photo:</p> 	<p>Name: Stella Chen</p> <p>City of birth: Chongqing</p> <p>Country of birth: China</p>

All about me:

I'm a girl who is coming from Chongqing China. Now I'm a grade 11 student in Sahali Secondary School. I have been in Canada for one and half years. Before I came to Canada I used to hang out with my friends during the weekend. I have two little sisters, one is a 10 years old and the other one just 3 years old. I love them very much.

When I first came to Canada, I felt so depressed. All things looked so different. Different people and different language. I felt scared without my parents. But after 2 weeks, I made lots of new friends in this place.

There are many activities for international students, the most interesting activity is skiing. I never skiing before in China. Now I have been ski three times and I will go next year.

In China, we have to study from 7:00 am to 8:00 pm, we have to stay in school all day. During our weekend, we also have lots of homework, so we have few time to rest. So I love the school in Canada.
