

Name:Frankie Liang

City of birth:Canton

Country of birth:CHINA

I am Frankie Liang. I come from CHINA. I was born in 1999. As an only child, I grow up happily under the care of my parents and my family.

My father is a public functionary,he always remind me to be a integrity man. My mother is a estate director.She have a lot of work for every single day. But she still took a lot of time to care about my study and life.

I have many hobbies, for example:reading novels, watch movies,gym..... And I be wild about computer games. I want to be a game designer when I grow up.

Two months ago, I came to Canada to finish my high school study.When I came to kamloops, I felt shocked for the magnificent mountain.(Because the highest mountain in my city is only 300 meters.) I am longing for life in Canada. To my deep impression was Canadians are very polite. For example: When the passengers get off the bus, they will say "thank you" to the driver.

I love Canada and hope to learn from the rest of the day.
